

# What is the SafetyNet?

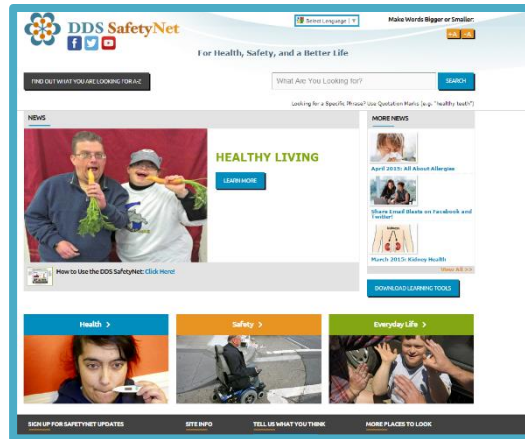

The DDS SafetyNet is a website with health and safety information for individuals with developmental disabilities and for the people who support them.

On the site you will find:

- Articles, slideshows, and videos
- Tools to use in your everyday life
- Links to online resources

Get exercise tips, learn about emergency preparedness, and much more, all on the SafetyNet!

# Everyone can use the SafetyNet!

## Special Features

- Change text size for easy reading.
- Translate articles into another language.
- Download and print articles for yourself and to share with others.
