

Elements of Effective Risk Management

- ❖ Training of all involved in supporting individuals with developmental disabilities in the risk management process

- ❖ Individual risk assessment, evaluation, and planning

- ❖ A well-defined process for reporting incidents that is timely, complete, and accurate

- ❖ Immediate follow up and intervention to ensure health and safety and to mitigate future risk

- ❖ Regular review and analysis of incidents by a risk management, assessment and planning committee

- ❖ Trending of data to detect patterns and facilitate development of risk mitigation strategies

- ❖ Proactive measures to prevent or minimize the likelihood of further incidents
